By an act of the assembly it is compulsory for every out-of-town bonding and insurance company, doing business in this state to obtain a "certificate of compliance" from the State Insurance Commissioner of Maryland, and one must be obtained yearly; they are obtained yearly from date and not as of the calendar year. The procedure is this: the Company gets the certificate from the Insurance Commr. which the Co. sends to the Superior Court to be recorded; this certificate is then returned to the Co. for their files, by the Clerk of the Superior Court. From this it is obvious that the certificates described in this serial (307) were here thru a possible oversight. I have located the file box, but the certificates are gone, so this would seem to indicate they should not have been here. However, there is a vol. which is the record mentioned above and for which a serial (un-numbered) is attached. You might want to destroy this present "307", and assign that no. to the one I've written.

Outside labeling shows "Subpoena and Ejectment Proceedings; inside appears the following" "A docket of the suits transferred from the late General Court for the western shore to Baltimore County Court, in pursuance of an act of the General Assembly of Maryland passed at November session 1805"
In front of book there is an index titled "Alphabet to Trial Docket, March Term, 1806". In middle of book an index titled "Alphabet to Subpoena Docket". Checking shows same names appears in both indices. There are several ejectment cases, default judgments, etc., but it does not appear to be as described in serial. The information shown in docket is same as in serial, but vol. looks like docket of cases, with names of witnesses subpoenaed.
